## All cats deserve a loving and safe home

Caring For Animals 2001 is a group of volunteers promoting the wellbeing of all animals. Our primary focus is to rescue, neuter and provide a home for feral cats.

Working primarily with feral and FIV positive cats throughout the UK, we also take in strays and unwanted cats with the intention of finding them a new permanent home. Adult cats are so slow to home as most people only want kittens and even they have to be very pretty, not just black!! We recently relocated to Cumbria so we have more land for the cats but we maintain bases in Aveley, and Dagenham, Essex.

**Help us help the cats.** You can become a Friend of the Cats, receiving a newsletters twice a year. You can also sponsor one or more of our resident cats. These cats are either virus positive, quite old, feral or too sick to be re-homed so their upkeep is quite expensive and this is the reason why the charity needs all the help it can get and therefore hopes other cat-lovers will come to their aid. Or you can do both; each option only costs a minimum of £6.50 a year, that's a whole 12 months of helping us to help the cats like Magnificent Seven shown below.

There is a form on the back of this leaflet so please don't delay fill it in today!!

We have a constant need for volunteers especially with fund raising. Our vet bills average £3,000 a week and it takes many hours of administration or physical fund raising work to achieve this.

If you want to know more about our work and our resident cats, visit [www.caring-for-animals.org](http://www.caring-for-animals.org) or find us on Facebook at [caringforanimals](https://www.facebook.com/caringforanimals). Please like us and share with your friends.

Thank you for taking the time to read this appeal and we hope we will soon be welcoming you to the Caring for Animals family!!
